## KRESS & CO. HAVE NEW PLAN

ADOPTS BENEFIT POLICY FOR  
EMPLOYEES—OTHERS WILL  
COME SOON.

The S. H. Kress & Co. has already  
adopted two new policies towards  
the companies employees which will  
be of much benefit to the employ-  
ees and cost the company consider-  
able money in the course of a year  
because of the large number of people  
employed.

This new benefit of the employees  
is as follows:

1st—All employees who have been  
in the employ of the S. H. Kress &  
Co., for a period of one year or over  
will be paid at the rate of \$5.00 per  
year for each year of their contin-  
uous employment, payable each  
Christmas.

2nd—All employees will receive  
free of charge, a life insurance pol-  
icy, payable in the case of death of  
such employ, to the amount of one  
year's salary. As each employee's  
wage increases the policy also auto-  
matically increases.

The S. H. Kress & Co. operates a  
chain of 150 5c, 10c, and 25c stores  
through the south and east and em-  
ploys between 7,000 and 8,000 peo-  
ple. These new policies of the com-  
pany towards its employees recom-  
mend it most favorably to the pub-  
lic and shows a spirit of justice and  
generosity on the part of the man-  
aging heads.

The local Kress store here is con-  
tinuing to do a thriving business and  
the manager, Mr. Knollenburg, has  
plans for still greater things. The  
company has some new plans it will  
announce a little later.

Never can tell when you'll mash a  
finger or suffer a cut, bruise, burn  
or scald. Be prepared. Thousands  
rely on Dr. Thomas' Eclectic Oil.

### SIGNALS FROM A SUBMARINE

The Jackie at end of this American  
craft is signaling from the deck of  
the submarine. The two officers shown  
in the photograph are probably wait-  
ing for a reply from another ship.

### Gold-Brick Sellers.

Swindling promoters are shrewd.  
Whenever they find any line of indus-  
try phenomenally successful they im-  
mediately organize fake companies and  
print lurid literature telling of the won-  
derful prospects in this line, of for-  
tunes that have been made in it and of  
the opportunity they are giving to  
small investors to secure a generous  
fortune. So we have had automobile,  
oil, mining, real estate, hotel, planta-  
tion, and now we are having aircraft,  
schemes, in which the credulous pub-  
lic is invited to put all its loose change.

Why doesn't the public realize that  
in all these lines of business the old,  
well-established and dividend-paying  
concerns offer the best opportunities  
for investment. They never print lurid  
literature, guaranteeing fortunes and  
promising extravagant dividends. They  
are managed by men whose charac-  
ters put them above this, yet the pub-  
lic will only bite on a bait that is made  
extraordinarily attractive by promises  
impossible of performance. Hence the  
vogue of companies that sell their  
shares as low as one cent each. The  
men with \$10, who can buy a certifi-  
cate for 1,000 shares, jumps at the  
promise held out to him that some  
day his \$10 may grow into \$10,000. To  
him it is a lottery, nothing else. And  
when he loses, as he always does, he  
goes out on the street corner and  
denounces the "sharks of Wall street."  
—Leslie's Weekly.

### Speed and the Airship.

Traveling from Dayton to Detroit  
in two hours is "going some." Major  
Smith did it the other day on an air-  
plane and carried a passenger with  
him. Does anyone doubt that a device  
which makes possible such a comel-  
ike trip will be permitted to fall into  
disuse after it has served its purpose  
in the war? The thing which the  
world wants most just now is peace.  
Next to peace the chief desire of man-  
kind centers upon speed. If the air-  
plane had nothing more than its  
speed to commend it, we might be  
sure that it would be pressed into  
use for passenger traffic. Since it has  
been demonstrated that aircraft may  
be made as comfortable and as safe  
as cars which are hauled upon trucks  
and ships that sail the seas, we may  
be sure that the day is not far dis-  
tant when "the squadrons of the  
skies" will be utilized for pleasure  
and for peaceful enterprise.

### Sues for "Pin Point" of Land.

Suit to quiet title to one-viginti-  
fourth of one-viginti-fourth of an inch  
of land in Figueroa square, city sub-  
division, and to one-tenth of one viginti-  
fourth of an inch in another subdivi-  
sion, was brought at Los Angeles by  
Anna M. Calkins, widow of Anthony  
Calkins, against the administrator of  
her husband's estate. Mathematicians  
said the width of the strip described  
would be a fraction of an inch dis-  
tinguished numerically by one, preceded by  
43 groups of three ciphers each. At-  
torneys in the case said the suit was  
brought for the purpose of removing a  
cloud placed on the title in a tax pro-  
ceeding several years ago.

### Food Product Neglected.

The raising of nuts in this country  
for food purposes has been neglected  
until recent years, but the owner of  
one chestnut orchard of 300 acres in  
Pennsylvania told me that he made  
\$30,000 profit over expenses on one  
year's crop, and no tree in the orchard  
over fourteen years of age. The Brit-  
ish government has protected one pine  
forest of bunya-bunya pines 30 miles  
in length by 12 miles in width. In this  
country we have neglected the pine  
nuts very largely, although a friend of  
mine at Battle Creek says that he  
buys them for the ton for his cus-  
tomers.—Exchange.

### \$100 Reward, \$100

The readers of this paper will be  
pleased to learn that there is at least  
one dreaded disease that science has  
been able to cure in all its stages and  
that is catarrh. Catarrh being greatly  
influenced by constitutional conditions  
requires constitutional treatment. Hall's  
Catarrh Medicine is taken internally and  
acts thru the blood on the mucous sur-  
faces of the system thereby destroying  
the foundation of the disease, giving the  
patient strength by building up the con-  
stitution and assisting nature in doing its  
work. The proprietors have so much  
faith in the curative powers of Hall's  
Catarrh Medicine that they offer One  
Hundred Dollars for any case that it fails  
to cure. Send for list of testimonials.  
Address: J. C. QUINBY & CO., Toledo,  
Ohio. Sold by all Druggists.
